PRESIDENT'S MESSAGE

It is now established that with the graduation of the September 1968 class, there will no longer be a Presbyterian-St. Luke's Hospital School of Nursing. I refer you to Miss Payne's article.

It is therefore necessary to reexamine the purposes of our Alumni Association, both for the present and the future.

This does not revolve about a question of dissolving the Alumni Association, but rather a re-affirmation and dedication to continue our obligation to our vast number of Alumni, and our dedication to the nursing profession. This will require careful direction and planning by the association.

It is therefore imperative that we reexamine our constitution and by-laws, re-evaluate our goals and aims and plot a meaningful course of continuance to serve our membership and the nursing profession.

We would therefore urge every Alumnus to assist us in our decisions. I call upon every member to consider what the functions and future of the Alumni Association should represent.

I urge you to write your President and or members of the Board of Directors, concerning your views and opinions. The existence and future of the Alumni Association is in your hands.

Very sincerely yours,

KATHRYN GDALMAN, *President*

FROM MISS EDITH PAYNE

What a busy and eventful year this has been. The major concern that we have been faced with during the past year was the decrease in qualified applicants to the School of Nursing and the consequent implications of this situation on the future of the school. During the previous two years there had been a small, but consistent, drop in the number of applications received and the number of students enrolled. In March it became increasingly evident that it would be impossible to enroll a class of even 50 qualified students; consequently, the last class of students from this school will graduate in September 1968. This decision has been faced realistically and with understanding by both students and graduates.

Many factors influence nursing education programs. The increasing demand for, and availability of, college education for women is unquestionably a factor in the decreasing interest in diploma education. Another factor which must not be overlooked is the increasing difficulty experienced by graduates of diploma programs in securing college credit for education received in hospital schools. There is reason to believe that the position of the American Nurses' Association regarding nursing education is currently having a marked influence on applications to diploma schools of nursing.

It seems timely to include excerpts from the American Nurses' Association leaflet, "A Date with the Future" for your information.

"Education for all who work in nursing should take place within the general system of education.

Minimum preparation for professional nursing practice should be the baccalaureate degree.

Minimum preparation for technical nursing practice should be the associate degree.

All registered nurses are and will continue to be eligible for membership in ANA, the professional association for registered nurses.

There is no change in legal status for the diploma nurse. Nurses graduated from and now enrolled in state-approved diploma programs are eligible upon graduation to become licensed as registered nurses.

The position paper does not in any way affect what nurses have already achieved, but rather it focuses on the impending and long overdue changes in the system of nursing education."

I know that it is important to you as to us that nursing at Presbyterian-St. Luke's continue to play an important part in nursing education for the future and in September a limited number of undergraduate and graduate students from the University of Illinois College of Nursing came to the hospital for clinical laboratory experience and special projects. It is anticipated that this program will increase each year. The University now enrolls 75 undergraduate students each year; when their College of Nursing building is completed in 1969, they plan to enroll 200 students annually. There is a possibility that we will also be participating in an associate degree nursing program with the West Side Junior College in the near future.

Homecoming will be on April 18, 1968. I hope that we will see many of you at the tea and at the banquet.

CITATION AWARD TO ST. LUKE'S GRADUATE

Aileen E. Cassidy, St. Lukes 1933, representative and area project nurse for the Illinois Department of Mental Health's Community Placement in Aurora was named recipient of the 1967 "Above and Beyond the Call of Duty" award.

The annual award goes to an employee of some government agency whose off duty civic activities help make the area a better place to live. It is considered a most significant accolade.

Miss Cassidy is a native Auroran and has long been active in community affairs, including service as a volunteer for the Red Cross for the past 29 years. The award was presented at a dinner on April 8, 1967 at the Butterfield Campus of Marmion Military Academy, Aurora by Ted Brattin, Chairman of the event in conjunction with the Aurora Marine Corps League.

Best wishes for a speedy recovery to—

Gertrude Bohner Hunt—1920 Pearl Wittmark—1930

FOX VALLEY ST. LUKE'S ANNUAL GET-TOGETHER

Mrs. John G. Bryan, (Marguerite Goodendorf) entertained the graduates of St. Lukes at her home for the annual get-together.

Graduates were present from Mendota, Earlville, Plainfield, Wheaton, and other near by areas besides Aurora.

A brief business meeting was held and a discussion of future needs of the group for their annual project was the main topic.

The next meeting will be held on Friday, December 6, 1968 at the home of Mrs. Lloyd Markel, 1033 Garfield, Aurora, Illinois.

St. Lukes graduates in the area are asked to mark their calendars now for next year's party.

ANNUAL ALUMNI HOMECOMING DAY

April 8, 1968

It was a beautiful day when many Alumni attended our Annual Homecoming. More than 80 enthusiastic Alumni took the hospital tours that Miss Payne so kindly arranged with Miss Warren and the Volunteer Service of the hospital.

Our Homecoming Day Tea, given by the School of Nursing in the South Lounge of the Nurses' Residence from 3:00 to 5:00 p.m. was a great attraction, which allowed us to meet our former classmates and renew many friendships. Among the many distinguished guests who attended the tea were three former Directors of Nursing: Miss Helen McNab, 1905; Miss Madaline McConnell, 1917; and Miss Henrietta Froehke, 1922. Two more very special guests were Mrs. Florence Y. Rider, and Miss Hettie Gooch from the class of 1908.

Our evening began with registration and a Social Hour in the Grand Ballroom of the Sheraton-Chicago Hotel.

Miss Inette Hoxsey, Program and Social Committee Chairman, welcomed the Honored Guests and Alumni. Those seated at the speakers table were: Miss Edith D. Payne, Chairman, Division of Nursing, Presbyterian-St. Luke's Hospital, honored guest and speaker for the evening; Mrs. Louis Gdalmann, President; Miss Ruth Johnson, 1st Vice President; Miss Marie Steinke, 2nd Vice President; Miss Inette Hoxsey, Program Chairman, and Miss Jane Hasbrouke, President of the honored graduating class of 1968.

The Honored Guests of the 1918 and 1968 classes were recognized. Those present from the class of 1918, celebrating their 50th reunion were:

Mrs. Mabelle Wilson Hutchison
Mrs. Wilifred Gasteyer Keeney
Miss Edna McCullough
Mrs. Anna Lundberg Waldo
Miss Bessie Duffill
Miss Lillie Ann Gloeckle

Other honored guests at our Banquet were:

Miss Hettie Gooch—1908
Miss Florence Rider—1908
Miss Madaline McConnell—1917
Miss Edna Stoups Horman—1917

Following the introductions of the honored guests, Mrs. Gdalmann, Alumni President, addressed the Alumni:

On behalf of the Board of the Directors and Officers of the Presbyterian-St. Luke's Alumni Association of the School of Nursing, I extend our welcome and greetings to all the Alumni present. Tonight we honor the class of 1918, and the graduating class of 1968, and upon behalf of all the alumni, we especially greet them.

We join together this evening to renew our friendships—and to renew our goals. As the oldest and largest Alumni Association in the country, we have set the pattern for many similar groups in our profession. Our aims have included the progress of nursing and its service to humanity; the developments in our hospital services; and the security and welfare of our fellow alumni.

We are now called upon to renew our aims for the present and project our course for the challenges of the future.

First, and foremost, our Alumni Association WILL CONTINUE as a STRONG, ACTIVE ORGANIZATION, enveloped with the spirit that is expressed here this evening—The Spirit of Tradition, of Friendship, of Professional Accomplishment, of Humility in the service of mankind. We are 2200 strong, possessed with the Spirit of Presbyterian-St. Luke's tradition and

accomplishment. We will continue our quarterly meetings, our News and Views bulletin, our annual Homecomings and Banquets: ALL OF OUR ACTIVITIES WILL CONTINUE.

The class of 1968 is the last graduating class of the School of Nursing. We therefore, address ourselves to the future of the form of Nursing Education at Presbyterian-St. Luke's Hospital. This great teaching and research hospital, with its vast clinical expanse, is now being explored in all of the areas that it entails, as to its present and future roles. Indeed, there will be Nursing Education and Nursing Research, and the formality of these endeavors will be explored and finalized. There will be Nursing Candidates developed under newer educational programs. Our Alumni Association must be ready with a vital Organization to welcome the clinical graduates of the future into our membership. These are concepts that will be the challenges of tomorrow. It will require a blending of the traditions of yesteryear, the spirit of today, and the progress of the future.

With your help, your support, and your understanding, we shall and we will continue to be an active, vital organization in the Nursing Profession, accepting with clarity and vigor—the progress of tomorrow.

Our next speaker was Miss Payne. In her address Miss Payne expressed great pleasure in being with the Alumni at their Annual Homecoming and Banquet and the chance to greet and meet old friends.

Among the many interesting facts presented by Miss Payne, here are just a few of the highlights of her address. Presbyterian St. Luke's Hospital of Nursing has an enviable and proud record. In September 1968 our School will close. In its 84-year history, 7,218 will have graduated from the combined schools, 3,267 from St. Luke's, 2,810 from Presbyterian and 1,141 from Presbyterian-St. Luke's.

The trend of nursing education is away from the diploma schools of nursing. In the past year the Diploma schools decreased by 116, Baccalaureate degree programs have increased by 51 and 216 Junior Colleges have opened the two-year Associate degree programs. It is an interesting fact that 24% of the nursing staff of Presbyterian-St. Luke's Hospital have their Baccalaureate or Masters degree.

Aside from the concern as to where the nursing staff is going to come from the second question most frequently asked is: What happens to the Nurses' Residence? The answer at this moment is unknown. The area is being carefully surveyed. The 1st floor and recreation room will be preserved for purposes that they are now being used for. The Historical items? The School Library will be combined with the Rush Medical Library. The silver, china and linen will be given into the care of the Dietary Department on call when needed for social functions.

In this past year we have had junior students from the University of Illinois in our Medical and Surgical areas, as of September both junior and senior University nursing students will have clinical experience in all areas, including the out-patient department.

Crane Junior College on the West Side will be opening their Associate Degree School of Nursing in September 1968, and in the fall of 1969, their students will have clinical experience at Presbyterian-St. Luke's Hospital. We are at the present time engaged in a training program with the Junior Colleges in training Operating Room technicians. This is a one-year program and has been very successful.

After the roll call by Miss Johnson and Miss Stienke,, Miss Edna McCullough, representing the class of 1918 spoke a few words of welcome. Miss McCullough is one of our most faithful and active Alumni. She has served in some capacity on the Board of Directors since our merger. It was a particular pleasure to have her represent the graduates of 50 years. Miss Hasbrouke, President of the 1968 class, gave regards from her class and pledged to carry on in all the tradition and spirit of the Alumni in all our goals and aims for the future.

At the conclusion of our evening the Alumni Association honored Miss Payne, by presenting her with an Honorary Membership in the Presbyterian-St. Luke's Alumni Association.

It is hoped that this summary of the days events provide information and a feeling of warmth for all those unable to be with us.

Sincere thanks to Miss Payne and the School of Nursing for the delightful Homecoming Tea and Tour. And our appreciation goes to Miss Inette Hoxsey and her Committee for their many hours of preparation; and to the members of the Board of Directors for their service in making this a memorable occasion.

Sincerely yours,

KATHRYN GDALMAN, President

MISS PAYNE HONORED AT BANQUET

Miss Edith D. Payne, Chairman, Division of Nursing, Presbyterian-St. Luke's Hospital—*Nurse, Educator Administrator*—it is our privilege to honor you this evening.

Miss Payne was graduated from the Methodist-Episcopal Hospital School of Nursing in Philadelphia. She received her B.S. degree from the University of Pennsylvania; and a Master's degree from Teachers' College, Columbia University.

Miss Payne served as Assistant Director of Nursing at Bridgeport Hospital in Bridgeport, Connecticut. She later held positions as Assistant Director of Nursing at Presbyterian Hospital in Philadelphia; Director of Nursing at Methodist Hospital in Philadelphia; and as Director of the Nursing Department at Presbyterian Hospital in Pittsburgh.

In July 1953, Edith Payne became Director of the School of Nursing and Nursing Service at St. Luke's Hospital in Chicago. In 1956, when the Presbyterian Hospital and St. Luke's Hospital merged, Miss Payne was appointed Director of the Nursing Department for the merged institutions. In 1964, the Division of Nursing was established at Presbyterian-St. Luke's Hospital, with Edith Payne as its first Chairman.

While in Pennsylvania, Miss Payne was President of the Philadelphia League of Nursing Education and the Pennsylvania League of Nursing; Chairman of the Pennsylvania State Board of Nurse Examiners; and a member of the Board of Directors of the Pennsylvania State Nurses' Association.

Miss Payne is a member of the American Nurses' Association and the National League of Nursing. She serves on the Citizens Committee of the University of Illinois and the Education Committee of the Chicago Council on Community Nursing. In recent years, she has been a member of the Illinois Study Commission on Nursing.

Tonight—April 18, 1968—we pay honor to Miss Payne for her many contributions to the profession of nursing, for her dedication to the health and welfare of the public, and her visionary and continuous exploration in the fields of education, research, and patient care.

By order of the Board of Directors and members of the Alumni Association of the Presbyterian-St. Luke's Hospital School of Nursing, it is my privilege, as President, to bestow upon you this first honorary membership in the Presbyterian-St. Luke's Alumni Association. I welcome you to a fellowship of more than twenty-two hundred active alumni.

Acknowledged on this day of Thursday, April 18, 1968.

Gertrude Alderden Favenesi writes of a most interesting summer last year. They have five children—Renee 11, Lenore 10, Jim 8, Billy 5, and Denise 3; and they are all good travelers. They went to Biloxi, Mississippi; Ontario, Canada; and in August from Florence, Alabama (home) to Cape Hattera; Bar Harbor, Maine; Niagara Falls; and Pennsylvania. They have recently purchased a Dodge motor home and hope to travel more this summer. Christmas this past year, when in Chicago, they stopped by PSL to visit old friends. Gert had worked in the OR before her marriage.

1953—(S.L.)

Can it be 5 years since our last newsletter? Even more incredible—can it be 15 years since we all said goodbye to St. Luke's? Our class is still fairly well scattered across the U.S. and has been and is well represented in other countries as well. Of course NONE of us are 15 years older but it occurred to me the other day how convenient it is that hair tipping is "in" these days since some of us have a natural tendency toward this style! This is a "catch up" on what has happened to our class since 1963 and we can thank Chee Chee for doing most of the work.

Margaret Winkler Bradford, 7422 N. E. 146th, Bothell, Washington 98011. Margie and her family still live in the Seattle area and enjoy the great outdoor sports—camping, fishing, hiking, hunting, etc. She has

been working at Children's Orthopedic Hospital 10 yrs. now in Sept. in the intensive care ward. Heide and Scott are 9 and 8 respectively. Heidi takes violin lessons and I understand Scott will soon talk his parents into drum lessons! Bob is teaching in high school now. Margie made a trip to Chicago the first part of February because her father passed away suddenly of a heart attack. Hope the Bradfords are able to come back to the Chicago area this summer on a more pleasant mission.

Georgia Zupan Brnot, 622 May St., Waukegan, Illinois 60085. The Brnots are still at 622 May but hopefully not for long. If all goes well, they'll be building a new house this summer. The five years have gone quickly. For three years she did private duty and for the past year has done general duty on a surgical floor part time at Lake Forest Hospital. The four Brnot images are growing very fast. Cathy is 12, Susan 10½, Ricky 8 and Linda 6. Chee Chee has started bowling again this year at 9 in the morning and says she bowls better half asleep!

Jean Foreman Buetow, 3439 Elliot Ave. So., Minneapolis, Minnesota 55407. Jeans annual "keep-in-touch" letter said they are still in Minneapolis but not for long. The corps where Willard is stationed is being closed in May. They aren't sure where they'll be transferred as yet. Willard was going to retire next summer, but he was promoted to E9. He has to stay in for 2 years after a promotion so that means he won't retire until '69. They are looking forward to retiring and settling down. They had a busy summer and fall going to their home in Wisconsin every weekend. They had a very large garden again this year and reaped a big harvest. Jean spent a lot of time painting the inside of their house so it's nice and fresh again. Jimmy is getting so big—almost as tall as Jean. Twelve years old and in 7th grade already. He likes school real well and keeps busy with sports.

Barbara Weidman Clements, 1 So. 3351 Buttercup Lane, Villa Park, Illinois 60181. Barb keeps busy enough at home right now taking care of — 1. Mike who's 13 now. He has the same interests and hobbies as his Dad and right now has just passed his test for a beginning amateur radio license. 2. Cathy who's 8 and has started playing the violin. She's Mom's helper and likes school. 3. Patty who's 4 and is anxious to start school in the fall She's going to be the tall one in the family and Barb says the most mischievous! 4. Last but not least—Ray, who's still working at International Harvester—his 14th year. He enjoys many hobbies—his latest, hunting. The Clements family traveled to Daytona Beach, Florida this past summer and also to Canada where they combined fishing and a 3 day look at Expo.

M. Adela Wainford Conklin, Lt. Col. & Mrs. Wm. C. Conklin, HQ USA ENG COM EUR, APO New York 09757. Five years ago DeDe and Bill were in Korea for a 2-year tour. Then to New York City for 1½ years. Debbie was added to the family while in New York. Then came that long lonely year in Columbus, Ohio while Bill was in Viet Nam. Greg and DeDe met Bill in Hawaii for 6 days in June. Now the Conklins are in the land of flip top beer bottles and door handles instead of door knobs—Frankfort, Germany. Greg, 6, is in kindergarten; Debbie 1½ is busy, busy. Bill was promoted to Lt. Col. while in Viet Nam DeDe has done very little nursing beyond wiping runny noses and applying band air cure alls.

Helen C. Huff, 5825 Westbury Drive, Orlando, Florida 32808. In March 1964 Helen was doing private duty at Pres.-St. Luke's and commuting from Merrillville. In October '67 Helen, her mother, sister, brother, one French poodle and two Persian cats moved to Orlando. She describes the terrain, the orange groves, the lakes, flowers, weather, people, etc. in Orlando beautifully and really should be working for the Chamber of Commerce—I'm ready to go now! Helen's father passed away in Sept. '63.

Louise Jones, 8547 E. Virginia, Scottsdale, Arizona 85257. While in Denver Louise saw a lot of the country side but about 15 Months ago decided on a change in environment and moved to Tucson, Arizona, where she promptly fell in love with the desert and surroundings. She was offered a position as supervisor in an extended care unit at Good Samaritan Hospital in Phoenix about nine months ago and decided that was for her. Starting the unit management system so nurses have to worry only about nursing problems and care has been one of her main jobs. The new job has taken so much time and energy that as yet she hasn't really gotten acquainted with Phoenix but she likes it there and plans to stay awhile. When she isn't out on a picnic in the Arizona sun, she's catching up on her reading.

Marion Ryder Kaukol, 215 E. Del Rio Drive, Tempe, Arizona 85281. With the kids in school a full day now Marion has gone back to school at Arizona State University in Tempe hoping to get a B.S. in Nursing. She has worked at the Tempe Hospital occasionally. She's president of the local garden club and enjoys gardening very much. She finds it's quite a challenge to produce anything well in a desert climate. Bill is asst. manager of a bank in Phoenix. Frank 11 yrs., Nancy 10 yrs., and Bobby 7 yrs. are all in good health. Nancy's eye has never regained the sight she lost, but at least the other eye has not been affected. In June this year Marion and Bill will be in Toronto, Canada attending a Kiwanis convention. Bill is president of the local club. They plan to stop off in Chicago on the way.

May Omura Kimura, 14232 Cedarwood, Baldwin Park, California 91706. May wanted to create some spectacular news for our 15th newsletter and did just that—she gave birth by C-section to Paul on Feb. 5th! Susan 4½ and Grace 3 yrs. old are delighted to have a new little brother they can entertain. The congregation of Ren's Church has gradually grown larger so last year they moved to a larger church building and have been busy with the members trying to make improvements on the building. In between all the activities of a minister's wife and of course, a mother of 2 lively youngsters May has been doing some garden work. I would like to add here that May was considerate and thoughtful enough to send along stamps to mail out the newsletters and also enclosed \$5.00 for the 53A's who are able to attend the 15th year anniversary banquet to drink a toast to our great class.

Rosemary King, 624 S. 14th St., Mattoon, Illinois 61938. Rosy is still keeping busy at the hospital and teaching at the University. While her father was in Pres-St. Luke's in December she saw a few familiar faces. There's not much else in news from Rosy.

Nancy Lamb Kisielius, 232 No. Lincoln, Park Ridge, Illinois 60068. Ruth Ann, 12 yrs. old, and Paul, 11 yrs., are growing into young men and women. I do know Nancy had back surgery complicated by thrombophlebitis a year or so ago and is still under treatment. There's no other news from her.

Wilma King Maloy, R #2, Geff, Illinois 62842. The two major events in Willie's life the last 5 years are the birth of Neal Douglas in Sept. 1965 and the addition to the house this past summer. Doug still has his same business and Willie is still in professional retirement—being a full time mother and housewife is quite enough.

Arlene Lenzini Nannini, 129 Pleasant, Highwood, Illinois 60040. Arlie has been in school nursing for some time now and enjoys it. She was in Lake Forest Hospital the end of last year for a check up and had a reunion with Chee Chee and Jo. Would you believe she was on Chee Chee's floor? The men in her family—Enzo and the boys, Alan 11 and Richard 10, keep Arlie busy after school hours—also keeping up the house they bought a few years ago.

Jean Presbrey, 1913 Highland, Manhattan Beach, California 90266. For the past five years Jean has been a Public Health Nurse for Los Angeles County Health Dept., first as a staff nurse and then as a liaison nurse on a chest service in a County Hospital. he has been doing some sewing in her spare time and of course enjoys the beautiful California climate.

Ila Honholt Raven, 5230 Caversham, Houston, Texas 77035. Ila and Ken have four children—Mark 13, Diane 11, Curtis 8 and Douglas 3. Ken is still with Tennessee Gas Transmission Company—now as Director of Technical services. till loves his job. They designed and built their home a few years ago in the same area of Honston as they've always lived. Ila is busy at home with the many things one does. She highly recommends the Hemisfair and invites anyone who comes to Texas to stop by.

Corrine Rentschler, Arabian American Oil Co., Box 2276, Dhahran, Saudi Arabia. Corky writes, "I've been in the same job over 5 years now. I'm titled "Supervising Nurse, Central Supply Services, Dhahran Health Center." In short at D.H.C. we call ourselves unit supervisors. In our C.S.S. we use very little in the disposable line, mostly because of the time it takes to get things here—6 to 9 months via boat and the unreliable arrival means we frequently run out of things before the next shipment arrives. Then we have to airship, which shores up the prices. Along with usual supervisory duties I do most of the ordering of equipment for the Nursing Service. This means orders of a one-time type or once a year or so nature that come on a direct order from the U.S. or European vendor. I've acted as consultant to some of the local hospitals when they were getting started. Also I plan, then sweat out a yearly budget for equipment and supplies for Nursing Services. This year I can already tell I'm not going to balance! In the last year I've been Acting Supervising Nurse of the O.R. for 9 months and also did several months in an Acting Nursing Coordinators job. In the past 5 years I've been around the world twice. The first time through the Far East—Thailand, Hong Kong, Japan, and Hawaii. The second time via Australia, Thailand, Singapore, Tasmania, Tahiti, The Island of Moorea which is the place where the mountain Bali is, then to Mexico. Have been on a 10-day trip to Turkey to follow or see the Churches of St. John. Spent the Christmas holidays in Kenya and Tasmania, Africa on a camara safari for 8 days. That about covers it—no more broken legs—I gave up snow skiing. I still water ski and bowl for recreation. I think of you all more often than I write."

Helen Crandall, 808 Grace St., Livermore, California 94550. Helen worked in 1963 as a radioisotope technician and cardiopulmonary technician in Oakland, Cal. Then in 1964 moved to San Francisco to work chief technician in cardiopulmonary. It was in San Francisco that she as a research biochemist—a year later transferred to the VA Hospital as acquired a boat and won second prize in the Bass Derby for a 31-pound Striper! How about that? In 1967 Helen bought a house and enjoys country living in Livermore with her Dachshound, Fritz. However her new position as Chief Technician-medical service which is a supervisory position over EKG, Cardiopulmonary and Radioisotopes, keeps her pretty busy. Her plans include buying land, building an apartment complex and then getting out of the rat race to fish, paint, and manage her own business. Then—look out Bass!!

Marguerite Layden Denton, 3334 Vernon Ave., Elkhart, Indiana 46514. Peggy writes that they moved from Cincinnati to Elkhart 3½ years ago they love everything about living in a smaller town. Jack is with Miles now and loves it. Leslie 14 yrs., Michael 12 yrs., and Peter 10 yrs. are all well. Peg loves to sew, knit, play bridge and spend summers at Webster water skiing.

Nancy Stark Elliott, 320 Anthony, Glen Ellyn, Illinois 60137. Nancy keeps quite active being chief cook and bottle washer for Bob and the three younger Elliots—Patty, Douglas, and Susan. She has been active in Cub Scouts, in church activities as counselor, and most recently as PTA president. Bob flies jets for United. When this newsletter goes out the Elliots will be basking in the beautiful Hawaiian sun-Happy Vacation!!

Patricia Nielson Hopkins, 6047 North 10th Way, Phoenix, Arizona 85014. Pat and the rest of the Hopkins family moved to Phoenix in 1963. Jim was doing thoracic cardiac and vascular surgery — in 1966 he became associated with another surgeon. Young Jim who's 14, Linda who's 12, and Michael who's 7 all enjoy the "Arizona" sports—swimming, golf, and riding. Pat is active in the medical auxiliary, dabbles in art once in awhile and has even tried tennis. They have a trotter (horse) now, so if he does well they hope to trot around the country this summer—maybe they'll take their other new addition—a miniature 1-yr.-old Schnauzer. Also planned for this summer are trips in May to Guadalajara, Mexico and in June to San Francisco. Pat has one request—notes at least from classmates with Christmas cards.

Jon McAlpin Hodnik, 639 Fulton St., Waukegan, Illinois 60085. Jo has been doing private duty the last 5 years in Lake Forest both in homes and the hospital. Strange as it may seem she seems to have mostly genito urinary cases—shades of the old "Cysto Room"!!! She has been keeping active in bowling, "Y" gym and swim classes, and grade school board committees. Ig is still with the city—Fred, Sue, and Nan are mer and had a great time—plan on going to Texas this summer to see growing up quickly. All the Hodniks went to California this past summer—Jo's younger sis and family.

Lynda is in second grade, Brian in first, Garry, 4, attends a pre-school three mornings a week, and David, 2½, keeps Mommy busy at home.

Mrs. Grace Mateo sent us a nice letter and a picture for the class album. In part her letter reads: "I can't tell you how delighted I was to receive your invitation to your class reunion. How much I wish I might

be with you. Nothing makes me so aware of the passage of time as to look at our Bill and remember that he was about a year old when I was teaching you people! My husband is a very busy internist and our children are healthy and sassy. I'm teaching one quarter of physiology this fall at a local school of nursing. We sail and play tennis in the summer, ski in the winter and in between times try to keep up with our yard and house work."

Dr. Hans Mauksch, our class sponsor, sent us an interesting letter also and here are portions of it: "Our lives have been very busy. Mrs. Mauksch has been pursuing her studies for the doctorate most successfully and very efficiently. She passed her doctoral examinations with honors and she had her dissertation proposal accepted this spring. Her dissertation involves a study of the collective bargaining episode at Cook County Hospital and its ramifications for nursing.

I have continued to keep my fingers and my interest in patient care research and in nursing and still do a considerable amount of traveling, speaking and writing. Some of you may have seen the chapters that I have contributed to several books.

At the same time, I have continued to serve as the Dean of the College of Liberal Arts at Illinois Institute of Technology. This is my sixth year in this position. Effective Feb. 1, 1968 the Mauksch family will move to Columbia, Missouri where I have accepted the position of Professor of Sociology in the College of Arts and Sciences and Professor of Medical Practice and Community Health in the School of Medicine. My position with the School of Medicine will also enable me to conduct a program in patient care research. Mrs. Mauksch has received several offers from various segments of the health center but she will wait until the dissertation is complete.

Our children are looking forward with mixed feelings to this move. Larry is sixteen now and approaching adulthood with greater speed than his parents can digest. Our daughter, Valerie, is approaching fifteen and has been bribed to the move to Columbia by our promise to buy her a horse of her own once we have settled here."

CONGRATULATIONS AND WELCOME TO SEPTEMBER 1968 GRADUATES

Dear Graduates:

On behalf of the Board of Directors and members of the Presbyterian-St. Luke's Hospital School of Nursing Alumni Association, I congratulate you upon your recent graduation and welcome you to courtesy membership. You are among a fellowship of Presbyterian-St. Luke's Alumni numbering over 2,000 located throughout the world.

I am confident you will find your courtesy membership, and later your annual membership, in the Alumni Association, stimulating in proportion to the interest and concern you take. Various programs for the benefit of our Alumni, are carried on by our Association. For those able to continue their nursing education, scholarships and loans are available. The "Alumni News and Views" is published and sent to all members four times a year. Meetings that feature programs of broadening interests are held in February, June, October and November. Our annual Homecoming Day is held on the third Thursday in April. Notice of these activities will be mailed to you.

Today, in this ever changing and creative world, the completion of this phase of your nursing education leads to new fields of specialization and challenges. Whatever your chosen field of nursing, the Alumni Association hopes that you experience deep satisfaction and happiness.

I wish to leave this thought with you. The class of 1968 is the last graduating class of the School of Nursing. We therefore, address ourselves to the future. The Presbyterian-St. Luke's Alumni Association is YOUR organization. With your help, your support, and your understanding, we will continue to be an active, vital organization, accepting with clarity and vigor—the progress of the future.

We look forward to the opportunity of greeting you at our next gathering. Best wishes to all.

Very sincerely yours,

(Mrs.) Kathryn Gdalan, *President*

MISSIONARY LETTER

P. O. Box 9428
Kwun Tong, Hong Kong
February, 1968

Dear Praying Friends and Relatives:

I am truly grateful for each and every one of you. I praise God and thank you for your many gifts and prayers during these recent months of exceptional need in Hong Kong. We realize our ability to stand is the result of our willingness to kneel. May He, who is ever faithful, keep you steadfast and true during these last days.

Yes, we did have a wonderful Christmas. Thanks again to all who cared and shared with us. No doubt your caring and sharing made your own celebration a more joyous one. Truly it is more blessed to give than receive. I shall not dwell at length on the details of our Christmas activities since there is a similarity from year to year. Yet there is ever that fresh and new joy that floods our hearts as we celebrate the birth of the Saviour who was born to die.

I was particularly impressed this year by the little girls who took the part of Mary in the nativity scene. I have prayed that God would speak to their hearts as they quietly and reverently gazed at the figure in the manger representing the Christ Child. I like to believe they will never be the same after this experience. You will note I have mentioned "girls." Because of the large number of students it is necessary to divide into groups, each group preparing and presenting their own program. Each program opens with a message explaining the true meaning of Christmas and this message is followed by the nativity scene. This year there were fifteen such programs. This plan enables more of the children to have a part in the program. In order to avoid being accused of being partial, I attend all the programs. Yes, there followed a few days vacation for recuperation!

Then—ever so quickly—the New Year came rushing in. To the Morning Light Church this means baptism of new converts. This year there were seventeen. Yes, "a picture is better than a thousand words"—therefore I will send you the picture since time and space does not permit the thousand words necessary to introduce each of these dear ones who are now members of the church. As you look at their faces I trust you will ask the Lord's blessing upon each one. As babes in Christ they need your prayers and mine. The National preacher, Mr. Cheung, is standing on the extreme right side.

I know you are always concerned about the situation in Hong Kong. We are grateful to report an apparent calm—outwardly at least. Our hearts have been grieved over the tragic events in Vietnam. Special prayer has flooded the Throne of Grace in behalf of all affected, especially the believers and servants of God. We are conscious the same pattern could, and may, be followed in Hong Kong. We commit our future to Him who holds the whole wide world in His hands.

Many of you have already heard of the miraculous delivery of Jonathan Wong's parents from Communist China. Their escape and arrival in Hong Kong would make an interesting account but that must wait for another time. I just want to share the good news with you who may not yet have heard, and thank you for praying. While Jonathan could not be here to welcome them,

you may be sure it did not take long for the news to reach him, and of his joyous response.

Yes, my general health is good. Pictures (and the scales) prove there is no fading away! God is good and I do praise Him for granting me health and strength for the many tasks from day to day. The past few months I have been troubled with an eye infection but it now seems to be under control. This, too, is an answer to prayer and I do praise the great Physician.

Needless to say, this letter would not be complete without an apology. Since I did not even begin with such, as I so often feel compelled to do, there seems no alternative but to close on that sad note. I will be brief and simply say how sorry I am that some of your letters and gifts are still waiting to be acknowledged. I am sure every item has been received; the Lord sees to that. He knows all about it and so shall you as soon as I can manage a few quiet hours at my desk. In the meanwhile may we often meet around the blood-bought mercy seat. I will pray for your patience and you pray for my endurance. God does hear and answer prayer.

"Now unto Him that is able to do exceeding abundantly above all that we ask or think, according to the power that worketh in us, unto Him be glory in the Church by Christ Jesus throughout all ages, world without end." Eph. 3:20-21.

Yours and His,
Ethel R. Groce
Class 1934 President

PRESIDENT'S MESSAGE

One more year has passed and much has transpired in the lives of all the Presbyterian-St. Luke's Hospital School of Nursing family.

By the graduation of the last class, from the School of Nursing on September 12, 1968, we were faced with a great void. To fill this void, we, a concerned Alumni must give our utmost thought and energy to the changes ahead in order to maintain this association as a vital organization. Not only are we going to continue all our alumni activities, but we must alert ourselves to the multiple problems and issues facing the nursing profession in the years ahead. Again, I am stressing the importance of assuming a "Positive Position" in facing these issues. It is important that we know how you feel about these changes and issues. What do you think we can do and how should we go about it? These and many other questions and possible solutions are facing us, we need your help in establishing a meaningful and positive program. As a concerned Alumni Association, and with your cooperation and the unfailing cooperation of the Board of Directors, we will be able to meet these challenges and set our direction for the future.

May you all have a very Happy Holiday and New Year.

Sincerely yours,

KATHRYN MINOR GDALMAN

EDITOR'S CORNER

One of the functions of the Alumni "NEWS AND VIEWS", is to keep all the alumni members informed of the activities and programs concerning the hospital and the School of Nursing. Another very important function is to supply a direct line of communication to all our members.

Every graduate is interested in reading about his or her classmates and other friends in the Alumni. I bet all of you at one time or other wonder what a certain friend is doing—what kind of job they have—if he or she has married—or what interesting trip they have taken. All news would be welcomed from friends and classmates alike.

To those who are still active in nursing, it would be very interesting and refreshing to read what kind of position you have and where. Our Alumni Association is fortunate in having so many of our members active in every field of the nursing profession. Tell us about it.

I know you share with me a mutual desire to hear and to share your activities with friends. The Alumni "NEWS and VIEWS" make this possible. Send your news to us, and through us to all your Alumni friends and classmates.

Ladies:

We have examined the Statement of Financial Condition of the Alumni Association, Presbyterian-St. Luke's Hospital School of Nursing as at August 31, 1968 and the related statements of cash receipts and disbursements of the several funds for the year then ended. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the accompanying Statement of Financial Condition and the related statements of cash receipts and disbursements present fairly the financial position of the Alumni Association, Presbyterian-St. Luke's Hospital School of Nursing at August 31, 1968 and the results of its operations for the year then ended in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

EDUCATION COMMITTEE

OCT. 1, 1967-OCT. 1, 1968

The Education Committee held meetings on May 2nd, and September 24th, 1968. These have proved quite beneficial to the function and responsibilities of the Committee.

A loan was granted to one of our Alumni Association graduates to aid in furthering her nursing studies.

For the purposes of continuing their education, Alumni Graduate Scholarships were granted to Miss Nancy Meyers (P.S.L. 1967), Miss Sue Ann Zaeske (P.-S. L. 1967), and Miss Elaine Ruggles (P.-S. L. 1960). The gratification of being able to grant these scholarships is complemented by the recipients expressing desire to continue their education and their sincere appreciation for the award.

Due to the closing of the School of Nursing the Board of Directors approved the transfer of the Student Scholarship Fund to the Graduate Scholarship Fund in January, 1968.

It is the custom of your Alumni Association to place a monetary memorial in the Education Fund to honor each deceased graduate from our Schools of Nursing. This year 29 memorial cards for deceased graduates have been sent to the family and friends. Many heart-warming notes of appreciation have been received by our Committee.

Additional monies were received from 8 of our graduates and friends of deceased persons as memorial gifts. Memorial cards and acknowledgements were sent.

The Committee wishes to thank the members of the Association and Board of Directors for their support of our activities.

Respectively submitted,
Co-Chairmen: BARBARA SHIPPY PACK
ELAINE RUGGLES
Members: JOANNE JACOBS ULREY

CLASS NEWS

1911—Mabel Binner lives at Westminster Place in Evanston, Illinois. For 25 years she had been associated with children's Memorial Hospital as director of out-patient department and later as administrator. **Hettie Gooch** remembers capping Mabel when she was a student at S. L.

1922—Mary Hind has gone to a nursing home in Palatine, Illinois. She would appreciate hearing from friends. Her address is: Bee Dozier, Palatine Nursing Home, P. O. Box 191, Palatine, Illinois 60067.

1933—The week end of August 10—Mrs. Kathryn Stiegman Schumacher, Arlington Hts., Ill; Mrs. Isobel MacTavish Gates of Denver, Colo. and Mrs. Eloise Edwards Cunningham of Appleton, Wisconsin, had a wonderful celebration, at the home of Mrs. Marge Kiddie Kox in West Dundee, Illinois.

We spent the time looking at old class pictures and showing off pictures of our families children and grandchildren. We exchanged news of others in the Class of 1933.

We enjoyed lunch at the Milk Pail in Dundee and vowed we would repeat this performance again soon.

Would like hearing from other classmates.

1935—Dorothy Voltz McNown had been employed by Employers Mutuals Insurance Company of Wausau, Wisconsin for 24 years. Before her marriage in September the nurses from Appleton, Wisconsin entertained her at a dinner party at the Left Guard Supper Club in Appleton.

1943—JoAnn Frank Evaskus writes that her son, David is attending the University of Illinois studying to be an oral surgeon. She is senior public health nurse in Lake County Health Department and has been the past 5 years.

1948—Eleanor Retza Lietz now has 2 adopted children. William Edward is 7 years old and Elizabeth 9 months. They seem to be getting along very well together.

1954A—S.L.—Ruth Wahlstrom is convalescing after an intracranial aneurysm. Ruth was very seriously ill for several weeks, and we are all thankful that she apparently is out of danger now. I know she would appreciate hearing from classmates and other friends. Her address is: LCDR Ruth Wahlstrom; U. S. Naval Hospital (Ward 78 A); 8750 Mountain Blvd.; Oakland, California.

As for myself, the Roberts' address for the past year and a half has been 154 Cornell Ave.; Des Plaines, Illinois 60016. John and I spent two weeks in Europe this Spring. John had business in Denmark and Sweden, and we added Switzerland and London, England, to our itinerary. This is the third year our children, Tom, age 9, and Susie, age 7, spent seven weeks at Camp Eagle Crest in St. Germain, Wisconsin, where I am the Camp Nurse. I worked part-time last year at Lutheran General Hospital on a surgical floor but can't seem to find time this year to get back. I'm busy being a Brownie Leader and Secretary of the PTA and with the usual chasing mothers do. I'm looking forward to Christmas and hearing from classmates and other friends who, like me, only seem to find time to write once a year.

1956—S. L.—Carol Zwick Tapley writes that they are back in Chicago again. Her husband, Dick, received his Ph. D. in Psychology from the University of Oklahoma in June. September 1st he completed his internship and is now employed by the State of Illinois Dept. of Mental Health. Daughter, Ann Elizabeth was 4 in August. Carol was active in nursing until 3 years ago doing mostly public health and psychiatric nursing. She was active in the Oklahoma Nurses' Association. Carol has done some traveling to Cuba, Nassau, Mexico, California, Colorado, etc. Now back in Chicago she is seeing many friends from the hospital again.

1958—Barbara Pokorny is a Air Force First Lieutenant on duty in Yokota A. B. Japan. She is a flight nurse on aeromedical evacuation aircraft transporting patients from South Vietnam to various U. S. hospitals outside the combat zone. On duty in the high-flying hospital ward she uses all her regular professional nursing knowledge plus that gained through specialized training in the intricacies of airborne medical care at Brooks Air Force Base, Texas. The special training ranged from medications reactions at high altitude to oxygen monitoring for heart and chest diseases.

The 1958 class of Pres. held it's 10 year reunion August 17, 1968 at Henrici's Restaurant in Oakbrook. 42 members of the class of 72 were present coming from distances like Seattle, Washington; Dallas, Texas; Phoenix, Arizona; Salt Lake City, Utah; Silver Spring and Wheaton, Maryland; Washington, D. C.; and many points in the mid-west. A great time was had by all. Everyone looked wonderful. We were all very proud of our class and of our class mates. After luncheon and afternoon visiting many smaller groups went on to spend the evening continuing a most wonderful day.

1962—Nancy Pierceall Chaffin now has 2 children to keep her busy. Allan is now 2 years old and loves his little sister. She would like to hear from any classmates.

1963—Anne Bridge Divoky and family should now be in their new home in East Peoria. The house is a split foyer, 3 bedroom home. Anne had worked at the student health center at Bradley University until Michael arrived in July. Mark is now 2½ years old.

1963—Marie Durr is now in the Army Nurse Corps stationed in Japan. She would enjoy hearing from her friends. Her address is: 1st Lt. Marie Durr 2337366 A.N.C., 106th General Hospital, A.P.O. San Francisco, Calif. 96503.

1964—The class of 1964 would like as many as possible to attend homecoming in 1969 for their 5 year reunion. Anyone wishing more information contact: Mrs. Hazel Olson, 503 Park St., Elgin, Illinois 60120 (or) Mrs. Catherine Anderson, 1215 42nd St., Des Moines, Iowa 50311.
